Contents

No. 1. *JANUARY, 1969*

PAGE

The occupation of trawl fishing and the medical aid available to the Grimsby deep sea fisherman. S. R. W. MOORE .. 1

The mortality and morbidity of deep sea fishermen sailing from Grimsby in one year. S. R. W. MOORE .. 25

Absence from work and physical fitness. VICTOR LINDÉN .. 47

Sleep and wakefulness in a group of shift workers. G. S. TUNE .. 54

A method for determining the dermal toxicity of pesticides. DIANA N. NOAKES and D. M. SANDERSON 59

Serum iron and iron kinetics in coalworkers with complicated pneumoconiosis. B. W. B. CHAN .. 65

Notes and miscellanea

The P4SR index – a critique of a recent criticism. R. K. MACPHERSON .. 71

Reply to Professor Macpherson's critique. C. H. WYNDHAM, A. McD. ALLEN, G. A. G. BREDELL, and R. ANDREW .. 76

Isocyanate hazard from wire insulation: an old hazard in a new guise. DERMOD P. G. PAISLEY .. 79

Munchausen's syndrome simulating caisson disease. J. H. KEMP and J. G. MUNRO .. 81

Book reviews .. 84

No. 2. *APRIL, 1969*

PAGE

An elaboration of the I.L.O. classification of simple pneumoconiosis. F. D. K. LIDDELL and D. C. LINDARS .. 89

An investigation of allergy in byssinosis: sensitization to cotton, hemp, flax, and jute antigens. V. POPA, N. GAVRILESCU, N. PREDA, D. TECULESCU, M. PLECIAS, and M. CÎRSTEA .. 101

A study of rope workers exposed to hemp and flax. G. F. SMITH, G. V. COLES, R. S. F. SCHILLING, and JOAN WALFORD .. 109

Ventilatory function in workers exposed to low levels of toluene diisocyanate: a six-month follow-up. JOHN M. PETERS, RAYMOND L. H. MURPHY, and BENJAMIN G. FERRIS, JR. .. 115

Circadian variation of F.E.V. in shift workers. E. GUBERAN, M. K. WILLIAMS, JOAN WALFORD, and MARGARET M. SMITH .. 121

Chronic exposure to zinc among furnace operators in a brass foundry. EBTISSAM A. HAMDI .. 126

Urinary hydroxyproline excretion in coalworkers' pneumoconiosis. H. RESNICK, N. L. LAPP, and W. K. C. MORGAN .. 135

Intracellular distribution of lead in the liver and kidney of the rat. N. CASTELLINO and S. ALOJ .. 139

A rapid method for estimating mercury in undigested biological samples. L. MAGOS and A. A. CERNIK 144

Metabolism of ethylene glycol dinitrate (ethylene dinitrate) in the rat following repeated administration. D. G. CLARK and M. H. LITCHFIELD .. 150

Cadmium determination in urine by atomic absorption spectrometry as a screening test in industrial medicine. G. LEHNERT, G. KLAVIS, K. H. SCHALLER, and T. HAAS .. 156

The phosphatases of peripheral white blood cells in workers exposed to trichloroethylene and perchloroethylene. ALŽBĚTA FRIBORSKÁ .. 159

Hippuric acid, phenol and trichloroacetic acid levels in the urine of Japanese subjects with no known exposure to organic solvents. MASAYUKI IKEDA and HATSUE OHTSUJI .. 162

Notes and miscellanea

Effects of bis(tri-n-butylin) oxide on the eyes of rabbits. ZDENEK PELIKAN .. 165

Absence from work attributed to sickness. A. M. ADELSTEIN .. 169

Book reviews .. 171

No. 3. *JULY, 1969*

PAGE

Theory and practice of colour vision testing: a review. Part 1. R. LAKOWSKI 173

The health of the Navy: the changing pattern. F. P. ELLIS 190

An investigation of lead absorption in an electric accumulator factory with the use of personal samplers. M. K. WILLIAMS, E. KING, and JOAN WALFORD 202

Electric current flow through human skin at power frequency voltages. A. O. CARTER and R. MORLEY 217

Effects of power frequency voltages on amputated human limb. A. O. CARTER and R. MORLEY .. 224

Respiratory effects of chlorine gas. F. X. M. BEACH, E. SHERWOOD JONES, and G. D. SCARROW .. 231

Haemodilution as a cause of anaemia in coalworkers. B. W. B. CHAN 237

A simple method for the quantitative analysis of urinary delta-aminolevulinic acid to evaluate lead absorption. O. WADA, K. TOYOKAWA, G. URATA, Y. YANO, and K. NAKAO 240

Significance of urinary hippuric acid determination as an index of toluene exposure. M. IKEDA and H. OHTSUJI 244

Book reviews 247

An introduction to the Current awareness section. W. R. LEE and K. S. WILLIAMSON 251

Current awarencss 253

No. 4. *OCTOBER, 1969*

PAGE

Theory and practice of colour vision testing: a review. Part 2. R. LAKOWSKI 265

Constitutional differences between men recruited for driving and non-driving occupations. R. M. OLIVER 289

A study of the mortality of workers in an asbestos factory. M. L. NEWHOUSE 294

Validation of death certificates in asbestos workers. M. L. NEWHOUSE and J. C. WAGNER 302

A population study in cotton ginnery workers in the Sudan. MUSTAFA KHOGALI 308

Effects in man and rabbits of inhalation of cotton dust or extracts and purified endotoxins. G. CAVAGNA, V. FOÀ, and E. C. VIGLIANI 314

Exposure of spray operators to paraquat. A. A. B. SWAN 322

Quantitative determination in urine of hippuric acid and *m*- or *p*-methylhippuric acid, metabolites of toluene and *m*- or *p*-xylene. M. OGATA, K. TOMOKUNI, and Y. TAKATSUKA 330

Effects of carbon disulphide on the liver of rats. E. J. BOND, W. H. BUTLER, F. DE MATTEIS, and J. M. BARNES 335

Dieldrin poisoning in dogs: relation to obesity and treatment. WILLIAM T. KEANE, MITCHELL R. ZAVON, and SAMUEL H. WITHERUP 338

Book reviews 342

Current awareness 350

Index to volume 26, 1969

A

Absence from work attributed to sickness, 169
————————, and physical fitness, 47
Accidents and diseases, occupational, VIth World Congress on Prevention, Vienna, 1971, 349
Accumulators, electric, lead absorption in factory workers, use of personal samplers, 202
ADELSTEIN, A. M.: Absence from work attributed to sickness, 169
Air Pollution, second international conference Washington, D.C., December 6-11, 1970, 349
————————and water conservation, international conference, Basel, October 21-23, 1969, 349
ALLEN, A. McD., *see* WYNDHAM, C. H. *et al.*
Allergy in byssinosis, sensitization to cotton, hemp, flax, and jute antigens, 101
ALOJ, S., *see* CASTELLINO, N. and ALOJ, S.
Aminolevulinic acid (ALA), delta, urinary, simple method of quantitative analysis to evaluate lead absorption, 240
Anaemia, haemodilution causing, coalworkers, 237
ANDREW, R., *see* WYNDHAM, G. A. G. *et al.*
Asbestos factory, study of mortality of workers, 294
————————workers, validation of death certificates, 302
